RECONSIDERATION

Commissioner for Patents

Sir:

In response to the Office Action dated May 16, 2007, Applicants respectfully request reconsideration and re-examination based on the comments herein.

Respecting the objection to claim 98, Applicants hope that can be corrected by Examiner's Amendment on allowance of claims.

Claim 99 is rejected as indefinite in failing to show steps that resulted in the calculation that onset of the fed mode occurs by release of an amount of less than 500 mg of the inducing agent.

Claim 99 calls for the use of a fed mode inducing agent that is sufficiently potent that the fed mode is induced by use of less than 500 mg of the agent. Applicants do not fully understand the nature of this rejection. No calculations are considered
